F. Old & New Business.

F-1 PUBLIC HEARING: Ordinance 2019-02 “Amending and Adopting 2019 California Fire Code”

The Board reviewed the item, accepted public comment, waived the reading of Ordinance 2019-02 and adopted Ordinance 2019-02 revising the District Fire Code.

Ms. Asher provided a summary of the fire code adoption process and the required procedures for the public hearing.

Director Hover-Smoot expressed concern that charcoal grills would not be allowed during burn bans, typically all summer, and requested that Chief Riley discuss the justification for prohibiting charcoal grills. Chief Riley responded that the primary concern is management of ashes and embers. Director Hover-Smoot suggested that the District might consider a permitting process for full-time residents.

Public Comment – Jean Lange asked why gas grills also pose fire concern. Chief Riley responded

that human error such as not having the recommended separation from the grill to combustibles (the house's wood siding) is the main concern.

There was discussion about when burn bans are in effect, communication to the public about burn bans, and the possibility of a permit process to allow charcoal grilling under special conditions.

Director Mercer asked about the safety of above-ground vs below-ground propane tanks. Chief Riley explained the advantage and disadvantages of each type of installation.

Public Comment – Andrew Hays expressed concern with the charcoal grill ban and proposed active outreach on this topic, narrowly targeting the specific concerns related to charcoal grills, and taking a more incremental approach.

Chief Riley stated that due to the risks associated with the Tahoe area, both geologically and because of the large influx of visitors, the Squaw Valley Fire Department and local joint powers authority (JPA) feel the language proposed, which would ban all solid fuels during the summer with a few stated exemptions, are appropriate and should be adopted.

Ms. Asher suggested that the code could be adopted as recommended by staff and that the Fire Department could consider the proposed permitting process and/or other amendments to the code related to charcoal grills in the coming months.

Director Ilfeld expressed that he felt the ordinance should not be passed at this time and members of the community should work with the Fire Department to generate solutions that work for Squaw Valley.

Director Mercer said that there is a lot of content in the Fire Code that should not be delayed and feels conservative measures to keep the community safe are appropriate.

Chris DeDeo, Squaw Valley Fire Captain, is a Truckee Resident and has accepted the ban on charcoal grilling during the summer in Truckee. Captain DeDeo said that fires are getting worse, firefighting resources are limited, and charcoal grills pose a risk. Captain DeDeo has concerns about issuing permits.

Mike Geary asked that we move forward with the ordinance and that the Board direct staff to research options related to charcoal grills.

Director Hudson made a motion to wave the reading of Ordinance 2019-02, which was seconded by Director Mercer. A roll call vote was taken, the motion passed.

F-2 Audit Report for Fiscal Year 2018-2019.

The Board received the report from McClintock Accountancy Corporation, reviewed the item, and accepted public comment.

Directors Hover-Smoot and Mercer met with staff and McClintock Accountancy Corporation on November 18, 2018 to review the fiscal year 2018-2019 Audit Report.

McClintock Accountancy Corporation performed a third-party audit of the financial statements prepared by the District for fiscal year (FY) 2018-19. The audit assures the annual financial statements of the District are reported without any material misstatement and are prepared in accordance with Generally Accepted Accounting Principles (GAAP).

Kendall Galka of McClintock Accountancy stated that there was an unmodified and clean opinion on the financial reports which is the highest opinion possible. There was only one audit adjustment. Ms. Galka stated that Ms. Grindle and the accounting team are producing meaningful reports for the Board to make accurate and sound decisions. Ms. Grindle provided highlights of the report. The Board discussed the CalPERS Unfunded Accrued Liability (UAL). The Board provided high commendation to Ms. Grindle and the accounting team.

Public Comment – none

F-3 Bike Trail Financial Reserves Policy.

The Board reviewed the item, accepted public comment and approved the District's Bike Trail Financial Reserves Policy as drafted by staff.

Mr. Geary reviewed the staff report, provided background on bike trail snow removal, and provided a summary of the Bike Trail Financial Reserves Policy. The proposed changes capture the use of the reserve fund for operations and capital replacements.

F-7 Olympic Meadow Property – Project Update.

The Board reviewed the item and accepted public comment.

Mike Geary presented a status update on the project. Staff intends to remove the Olympic Meadow Property Project Update from the agenda until/unless the project is active. The Board discussed the next steps the Truckee Donner Land Trust was taking regarding escrow.

Public Comment –

Jean Lange asked for clarification regarding Eric Poulsen’s previous position on the Board and the resulting known and mitigated conflict of interest. The Board discussed that under the current terms of the agreement, the escrow would not continue with District involvement; and that the District understands the community supports acquisition and hopes to pursue it in the future.

G-1 Fire Department Report

Chief Riley reviewed the report. There was a discussion about mutual aid spurred by an article in the Los Angeles Times that Director Hover-Smoot shared.

G-2 Water & Sewer Operations Report

Mr. Burks reviewed the report. There was a discussion about snow removal, water loss and standard operating procedures for leak detection. Director Hudson asked if “percent water loss” could be presented in the monthly report. Mr. Burks responded that the number is hard to interpret monthly as the percent is inflated in low-production months and that the annual report presents the water loss production numbers.

G-3 Engineering Report

Mr. Hunt reviewed the report and discussed the Granite Chief waterline abandonment, Truckee River Siphon Replacement Project, Resort at Squaw Creek Phase 2A infrastructure improvements, and the Resort at Squaw Creek Well 18-3R.
