

## SQUAW VALLEY PUBLIC SERVICE DISTRICT

### VILLAGE AT SQUAW VALLEY PROJECT

**DATE:** August 30, 2016

**TO:** District Board Members

**FROM:** Mike Geary, General Manager

**SUBJECT:** *Village at Squaw Valley* - Project Update & Status – Informational Only

**BACKGROUND:** The discussion section below provides information on the *Village at Squaw* Project. It is included in the District's monthly agenda to allow discussion of the project without violating the Brown Act's requirement that there be no discussion undertaken on any item not on the agenda. This report is prepared to provide new information and recent progress on issues that are not the subject of a separate report. This item is informational only and there is no action requested of the Board.

Staff, District counsel and consultants continue to share and negotiate business points to prepare a Development Agreement with Squaw Valley Real Estate (SVRE) for the proposed project. Current work includes updating the District standard Development Agreement; customizing it for the Village at Squaw Valley Project.

Development triggers for required infrastructure and facility improvements are being identified. The six separate analyses of project impacts and proposed mitigations completed by the District in 2014 and early 2015 are being used in conjunction with development triggers proposed by SVRE in its Master Phasing Plan for these purposes.

The flexible phasing of development allowed by the County and the length of the time anticipated for project development (25 years) makes the negotiation of a Development Agreement that protects, maintains, and improves the District's existing customers, our water and sewer systems, and our current levels of services challenging.

Staff will provide updates to the status of negotiations to the Village Ad Hoc Committee and the whole Board as additional progress is made.

On Thursday August 11, 2016, the Village at Squaw Valley Specific Plan was presented to the Placer County Planning Commission, which voted 4-2 to certify the Environmental Impact Report (EIR) and recommend to the Board of Supervisors that they approve the Village project by adopting a Statement of Overriding Considerations. The project now goes to the Placer County Board of Supervisors for approval.

**DISCUSSION:** Water

There is no new information to report since last month's Board Meeting.

Sewer

There is no new information to report since last month's Board Meeting.

Fire / EMS

There is no new information to report since last month's Board Meeting.

**ATTACHMENTS:** None.

**DATE PREPARED:** August 23, 2016
